

Delancey Oilfield Supplies Ltd

Introduction

Delancey Oilfield Supplies is a global trusted engineering company that provides exceptional services for the Oil, Gas, Petrochemical and Mining Industries. Benefiting from years of accumulated experience in global procurement and supplies, this high caliber of experience is a key differentiator.

Delancey Oilfield Supplies Limited provides equipment including drilling tools, electrical equipment, instrumentation, MRO, lubricants, HVAC parts, compressors, valves, pumps and workwear/PPE to name a few.

We have our associate offices in USA, France and United Arab Emirates through which we could identify and source equipment or material within a short time frame. Additionally, we have warehousing facilities located in Houston, London and Asia to meet your urgent project or AD-HOC requirements.

We keep good relationships with trusted manufactures whose products have been manufactured with internationally accepted practices including ASME, ISO and API certifications.

Our objective is to create, maintain, and be part of an efficient supply chain that provides our clients with access to high quality products at minimum cost, within the shortest possible timeframe.

Delancey Oilfield Supplies is your only database for Procurement and Supply Chain

We offer 4 core services:

1. Procurement Supply Contracts & General Supply Agreements

Individual supply contracts for specific commodity or product categories. Designed to complement our clients existing internal procurement function and can be pre-priced for 'call-off': Current contracts include: Drilling tools, Valves, Piping, Steel, Tyres, PPE, Electrical & Plumbing.

2. Approved Supplier

Operating as a dedicated, Approved Supplier on a limited, pre-selected "preferred suppliers list". This is for either "General supply" or commodity driven categorisation and we typically compete with other trading houses or manufacturers on multiple enquiries.

3. Full or Part Outsourced Procurement Services

Dedicated and outsourced function directly aligned to your company operations, capabilities and needs. Service set up with pre-agreed Terms, Conditions and methodologies, which often includes Delancey Oilfield staff assigned to your operational site/s.

4. Ad Hoc Procurement & Targeted Product Source

Whilst we are set up for dedicated and specific projects we undertake individual ad-hoc procurement mandates usually for emergency supply.

Delancey Oilfield Supplies Ltd

is the trusted engineering company
in procurements and services for
Oil, Gas, Petrochemical and Mining
Industries by offering high innovative
solutions using the latest up to
date technologies.

Valves

Control valves / Globe valve / Ball valve / Check valve / Needle valve / Strainers / Actuators / Angle seat valve / Gate valve / Plug valve / Multiple port valve / Poppet valve / Valve Lockouts / Expansion bellows / Piston valve / Butterfly valve / Diaphragm valve / Relief or Safety valve / Pinch valve / Stainless Steel & Brass fittings / Valve gaskets / Flanges and bolt sets

Safety

Coveralls / PPE workwear / Helmets / Gloves / Ladders / Safety harness / Eye protection / HSE signs / Spill kits and sorbets / Medical devices / Safety accessories / Breathing apparatus / Safety footwear / Respiratory protection / Hazard protection / Lockout/Tagout

Drilling

Top drives / Mud pumps / Drill floor equipment / Ceramic liner / Bushing Rotary tables/slips equipment / Motion compensation equipment / Drilling and pressure control equipment services / Roughnecks / Mud systems / Power tongs / Spinning wrench / BOP handling equipment / Tubular handling tools / Cellar deck equipment / Vertical pipe handling equipment / Drawworks / Power systems / Hoisting equipment / Safety clamp / Drill collar / Drilling control and advisory system / Horizontal pipe handling / Mesh screen (Shaker screen)

Electrical

Cable / Switchgear / Battens / Electric Motors / Plugs & Sockets / Switches / Power Supplies & transformers / Wires / Conduit / Crimp terminals / Security / Sensors / Distribution Boards / Contactors & Control gear / Fuses / Lighting & Lamps / Circuit Boards / Fixings / Isolators / Terminal blocks / Electric Meters

Pumps

Submersible / Slurry / Air pump / Metering pumps / Diaphragm / Well pumps / Vertical turbine / Sump pumps / Trash pumps / Drum pumps / Centrifugal / API process pumps / Axial flow pumps / ANSI pumps / Multistage

Pipe Fittings

Pipe / Quick connects / Weld fittings / Pipe covers / Tubes / Dielectric fittings / Push fit accessories / Hoses and flexible tubing / Seal fittings / Pipe support liners / Flange to tube fittings

Maintenance Repair Operations (MRO)

Hand tools / Fasteners / Clamps / Fluid power tools / Bearings and transmissions / Hydraulic and motion control solutions / Welding / Hose fittings / Abrasives and power tools / Specialist engineered hydraulic, pneumatic control system packages / Cutting tools / Personal protections / Batteries / Pipe handling hydraulic systems / Lubricants and chemicals

Industrial Oil & Gels

Fuel Additives / Emulsifiers / Special lubricants and sealant for valves / Wetting agents / Defoamer and Defoamer agents / Corrosion inhibitors oils / Coolant oils / Cement additives / Full range of other essential additives

Rotary Equipment

Steam Turbines / Gas Turbine / Gear boxes / All types of engines (Diesel, Double action reciprocating piston pumps) / Oil Free Rotary Screw Air Compressor with Stainless Steel Cooler Lubrication Control System

Instrumentation

Flow Transmitters, multi variable / Flow Instrumentation accessories / Transmitters: Pressure, DP, Level, Flow, Temperature / Pneumatic Transmitters / Field Mounted Indicating Controller / Digital Indicating Controllers / Plant Leak Detector / Ultra Violet Flame Detector / Earthquake Sensor / Recorders & Controllers / Instrumentation and Tools / Automation and Controls / Wireline tools and Downhole instruments / Offshore instrumentation and control / Gas Chromatograph

Global Logistics

Whether you need to transport drilling tools, HVAC and refrigeration, valves, piping, compressors, refinery equipment, replacement parts or just a small consignment Delancey Oilfield Supplies can provide efficient logistical solutions for all contracts placed.

Benefits of Global Logistics with Delancey Oilfield Supplies:

- 🔥 We specialise in air freight, sea freight and project cargo.
- 🔥 Streamline your procurement, supply chain and logistics process.
- 🔥 Compliance with import and export controls.
- 🔥 Documentation preparation.
- 🔥 Pre-Ship inspections.
- 🔥 Turnkey transportation and logistics solutions for your project.
- 🔥 Specially trained personnel certified to handle hazardous and dangerous goods.
- 🔥 Global network of freight forwarders.

Why choose Delancey Oilfield Supplies Ltd

- 🔥 **10+ Years Experience:** Working in Procurement Services & Equipment Supply.
- 🔥 **Trusted:** Registered and approved by leading Oil, Gas, Petrochemical and Mining Companies.
- 🔥 **Global Infrastructure:** Offices, JV's and consolidation hubs in place and proven to work.
- 🔥 **Flexibility & Speed:** Track record of addressing customer needs, priorities & options on equipment/materials.
- 🔥 **Highly Responsive:** We can respond to crisis situations and emergencies.
- 🔥 **Capability:** Track record in timely fulfilment of multi-million dollar orders and large procurement supply contracts.
- 🔥 **Negotiators:** 10-year global supplier of OEM network = better negotiating & buying power, pre-qualification & quality control.
- 🔥 **Cost Efficiency:** Cost efficient procurement support saving our clients money.
- 🔥 **Supply Chain Excellence:** Quality processes in place to ensure: **right product** is in the **right place** at the **right time**.
- 🔥 **Value Added Services:** Dedicated warehousing for inspection, consolidation, packing, end of project volume supply solutions for exiting EPC contractors.
